- For residential and commercial applications
- Constructed with heavy gauge galvanized steel
- Reversible for left or right installation
- Raises furnace for easier service
- Maximizes airflow by utilizing both bottom and side return to prevent equipment failure (including hi limit, cracked heat exchanger and premature motor failure) due to restricted air flow
- Great for retrofit and new construction installation
- Can improve airflow throughout duct system
- Improves furnace performance and reduces noise issues

Recovery Cylinder Exchange Program

Making exchanging simple

- Turn in your old tanks and exchange them for new
 - All types of refrigerant accepted
 - No need to separate refrigerants
 - No fees or tags to be filled out
- Smart Exchange cylinders are internally inspected and cleaned, media blasted and repainted before being placed back into circulation.

New recovery cylinders available

30LB tank #30HP (GRAY body/ YELLOW collar)

50LB tank #50HP (GRAY body/ YELLOW collar)

30LB A2L Tank #30HP-A2L (GRAY body/Red Stripe/LH Thread)

50LB A2L Tank #50HP-A2L (GRAY body/Red Stripe/LH Thread)

We do not take empty tanks back
Tank must have a Y valve on it

790-843A1

Bend and/or cut straight rod to
replace over 150 part numbers.

Versatility

- Services applications for furnaces, water heaters, boilers, cooking and more
- Detailed instructions for bending or cutting rod
- Angle bending guide included to match the correct angle

Durability

- High temperature rod withstands 2200°F
- OEM approved materials and construction
- Protective sleeve included for bending rod
- 3-year limited warranty
- CSA certified

Extensive cross reference

- Replaces over 150 part numbers
- Up-to-date cross reference via WR Mobile app

Available as a 5 pack
790-843A5PK
